GO Electric Pte Ltd
52 Ubi Avenue 3
#05-42 The Frontier
Singapore 408867

Attn: Mr Donovan Tan

Dear Sir

Letter of No Objection for AC EV Charger (Commander 2)

BRAND: Wallbox

MODEL: Commander 2 CMX2-0-2-2-5-001, CMX2-0-2-2-5-002, CMX2-0-2-4-5-001, CMX2-0-2-4-5-002, CMX2-0-2-2-8-001, CMX2-0-2-2-8-002, CMX2-0-2-4-8-001 & CMX2-0-2-4-8-002

We refer to the Test Report provided by GO Electric Pte Ltd, including the documents cited in the Appendix, in relation to the above Commander 2 A.C electric vehicle chargers ("the Chargers").

2 Based solely on the Test Reports including the documents cited in the Appendix, the EMA-LTA Interim Joint Panel notes that the Chargers comply with the requirements of TR25:2016.

3 Take note that the EMA-LTA Interim Joint Panel's noting herein is strictly specific and limited to the brand and model of the Chargers stated above, and is invalid and does not apply to any other brand or model of electric vehicle charger or if any change or modification is made to the Chargers stated above.

4 GO Electric Pte Ltd is required to advise users on the appropriate power supply connection, installation, and maintenance requirements to ensure the safe use of the Chargers.

Yours faithfully

WONG KUM HOONG

for and on behalf of the

*EMA-LTA INTERIM JOINT PANEL

* The EMA-LTA Interim Joint Panel only notes the compliance of fixed EV chargers with TR25:2016 based solely on supporting documents provided, pending the implementation of a formal compliance framework targeted for the latter part of 2021.
